MY STORY

VISUALIZATION + COLLABORATION

My name is **Amit Tamayev**, founder and owner of **AMT Design Studio**, a 3D architectural visualization studio creating world-class photorealistic renderings of luxury architectural projects in Los Angeles and Beverly Hills.
I collaborate with architects, contractors, developers, and homeowners to visualize multimillion-dollar properties before construction begins.

I also work remotely with clients across the United States.

EDUCATION

I graduated with honors from the College of Management Academic Studies in Israel, earning a Bachelor's Degree in Visual Communication and Interior Design.

DESIGN SOFTWARE
